Lifestar failed to meet the response guidelines for three calls in the month of May. On 5/11, Lifestar was requested for a call in the Town of Hampden. There was some confusion from the responding crew due to two different roads in different townships with the same name. The township was not initially given in the page which resulted in the responding crew to respond to wrong road at first. On 5/20, Lifestar was requested for a call in the City of Columbus. The responding ambulance was not at the station at the time of the call and had a delay due to road construction. On 5/23, Lifestar was requested for a call in the City of Columbus. The responding crew had some difficulty in finding the correct apartment building in a larger apartment complex.
